Game activities as per the lodge Game drives are operated using a guide and tracker, this adds to the experience on two levels. You have two sets of eyes searching out the action, looking for tracks this ensures a good chance of sightings, especially predators. In addition, having the tracker out front, concentrating on tracking, means that the guide is more able to talk to clients, keep them informed and answer all their questions, it leads to a more relaxed, convivial game drive atmosphere.

As Lagoon is in a private concession, we have the opportunity to drive off road in search of sightings we have often been able to follow the wild dogs on their hunts. It also means we are able to drive at night with spotlights. 30% of fascinating mammals are mainly active at night, so this gives us more opportunities to view them.
